

How to make a bend in a cable tray shaft

Preview

You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you how to make one using a metal bar. This involves a few essential steps to ensure a successful bending process. Follow along to mark, cut, file, and bend the tray to perfection! #electriciansoftiktok #electrician #sparky #howto #tutorial #tips Keywords: 90-degree bend cable tray, bending cable tray tutorial. The bends, tees, crosses, risers and reducers of wire mesh cable tray can be easily and quickly made live at the project by using a bolt cutter. Since the jaws of the bolt cutter drags a layer of zinc across the cut end and forms a protective layer.
