

Article Overview

Popular brands of mesh cable trays include Legrand, Schneider Electric, Eaton, Chatsworth Products, Code Electric, Niedax, and Sharda Cable Trays.

Leading Global Brands

- o Legrand: Offers the Cablofil line of wire mesh trays, known for easy installation, modularity, and adaptability for industrial and commercial applications .
- o Schneider Electric: Provides stainless steel and aluminum mesh trays with corrosion-resistant coatings, suitable for data centers and industrial environments .
- o Eaton Corporation: Supplies lightweight, durable mesh trays designed for high-density cable management in commercial and industrial settings .
- o Chatsworth Products (CPI): Specializes in wire mesh trays for IT and data center applications, emphasizing airflow and cable organization .
- o Code Electric Products Ltd: Manufactures robust wire mesh trays for industrial and commercial use, focusing on strength and ventilation .

Other Notable Manufacturers

- o Niedax GmbH & Co. KG: Offers modular cable trays with integrated grounding and fire protection, widely used in European industrial plants .
- o Sharda Cable Trays: Produces stainless steel and aluminum mesh trays for industrial and commercial applications, compliant with Indian and international standards .
- o YuanBo Engineering: Provides cost-effective electro-zinc mesh trays for large-scale data centers, particularly in the Asia-Pacific region .

Regional Highlights

- o Europe: Brands like Legrand (France), Niedax (Germany), and Spina Group (Italy) focus on high-quality, compliant mesh trays for industrial and infrastructure projects .
- o North America: Legrand North America, Eaton, and Chatsworth Products dominate with innovative, modular solutions for commercial and data center installations .
- o Asia-Pacific: YuanBo Engineering and Sharda Cable Trays provide competitively priced mesh trays for large-scale industrial and data center projects .

Key Features to Consider

- o Material: Stainless steel, aluminum, or electro-zinc for corrosion resistance.

Mainstream Brands of Mesh Cable Trays

- o Design: Open mesh for airflow, modular connectors for flexible routing.
- o Compliance: EN 61537, IEC, ISO 9001, and local standards depending on region.
- o Applications: Data centers, industrial plants, commercial buildings, and IT infrastructure. These brands collectively cover a wide range of mesh cable tray solutions, from lightweight, modular systems for IT environments to heavy-duty industrial trays with fire protection and grounding features .

The company manufactures a comprehensive range of cable trays, including FRP cable trays and various

ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing).

When it comes to Cable Ladder & Wire Mesh Trays, you can count on Grainger. Supplies and solutions for every industry, plus easy

Durable welded wire mesh cable trays for industrial, commercial, and AI data center cable management--flexible, scalable routing.

Cable Tray vs Mesh vs Ladder There are key differences between support products to consider when choosing one to help manage

Our cable tray products are widely used for the convenient, reliable, efficient and safe management of electrical cables used for

VIAFIL cable basket tray is an integrated solution expertly designed for effective cable management. This comprehensive system

Data Center Cable Management Solutions For large data center projects, there's no better cable

MP Husky Manufactures the following types of Cable Tray Systems: Aluminum, Mill Galvanized Steel, Hot-Dipped Galvanized Steel

The main wire mesh cable trays are electro zinc (EZ) wire mesh cable trays, hot dip galvanized (HDG) wire mesh cable trays,

This section provides an overview for wire basket cable trays as well as their applications and principles. Also, please take a look at

In this analysis, we examine the Top 10 Companies in the Wire Mesh Basket Trays Industry - global leaders

Mainstream Brands of Mesh Cable Trays

Find your cable tray easily amongst the 87 products from the leading brands (Legrand, LaCont, Rototherm, ...) on DirectIndustry, the

Explore the types of cable trays, their advantages, applications, and standard sizes. Learn how they improve cable

36 Wire Mesh Tray Manufacturers in 2026 This section provides an overview for wire mesh trays as well as their applications and

List of the top Cable Tray companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors
