

Article Overview

Cable tray prices in the Nordic region vary widely depending on type, material, and customization, with standard trays starting from approximately \$15-\$34 for small-scale applications and industrial-grade systems priced higher.

Nordic Manufacturers and Product Overview

Nordic Wire Tray (NWT) is a leading Nordic manufacturer offering the X-Tray cable laying system, which includes wire trays, data racks, brackets, and accessories. Their products are designed for fast installation, high load capacity, and long lifespan, with customization options for unique project requirements . NWT emphasizes premium quality, with features like the longest bracket distance in the market, reducing installation costs and time . Pricing is typically project-specific, and NWT encourages direct contact for quotes based on tray size, material, and configuration. Eurostrut provides hot-dip galvanized steel and stainless steel cable trays suitable for indoor, outdoor, industrial, and marine applications. Their trays are available in various widths, heights, and configurations, and pricing is available upon request through their webshop . They focus on durability, safety, and fast assembly, which can influence cost.

Market Pricing Insights

Based on global and Nordic market trends:

- o B2C small-scale trays (e.g., under-desk or home office solutions) are priced between \$15 and \$34, with wholesale prices as low as \$0.92 .
- o B2B industrial trays (bulk orders for construction, data centers, or manufacturing) range from \$0.80 to over \$76 per unit, depending on material (stainless steel, aluminum, FRP), size, and load capacity .
- o Premium Nordic systems like X-Tray may command higher prices due to customization, durability, and compliance with IEC 61537 standards .

How to Obtain Exact Prices

- o Request a Quote: Most Nordic manufacturers, including NWT and Eurostrut, provide customized quotes based on project specifications .
- o Consider Material and Load Requirements: Stainless steel and fireproof FRP trays are more expensive but necessary for industrial or harsh environments .
- o Bulk Orders: Ordering in large quantities can reduce per-unit cost, especially for B2B projects .
- o Supplier Platforms: B2B marketplaces like ThomasNet, Tradewheel, and Grainger can connect buyers with Nordic and international manufacturers for competitive pricing and bulk procurement .

Summary

- o Small-scale/home use: \$15-\$34 per tray
- o Industrial/commercial bulk: \$0.80-\$76+ per unit
- o Premium Nordic systems: Custom pricing based on material, size, and installation requirements
- o Best approach: Contact manufacturers directly for tailored quotes and consider bulk discounts for large projects. By reaching out to Nordic suppliers like Nordic Wire Tray or Eurostrut, you can obtain accurate, project-specific pricing and explore options for customized cable tray solutions that meet both budget and technical requirements.
