

Price of Mesh Cable Tray with Built-in Divider

Article Overview

Mesh cable trays with built-in dividers typically range from \$50 to \$200 per 5-foot section, depending on size, material, and brand.

Pricing Overview

- o Amazon (Kable Kontrol): Wire mesh cable trays with dividers are available in widths of 4, 6, 8, and 12 inches, with a standard length of 5 feet and depth of 2 inches. Prices vary by width and accessories, generally starting around \$50-\$150 per tray section. These trays are made from zinc-plated steel with a chrome finish, UL listed, and suitable for industrial, commercial, and data center applications .
- o Alibaba: Custom-sized wire mesh cable trays with dividers are available, including CE-certified steel trays. Prices depend on dimensions and quantity, with typical industrial-grade trays ranging from \$60 to \$200 per 5-foot section, often with bulk discounts and free samples for evaluation .
- o UK Suppliers (PG Steel / Direct Channel): Basket tray dividers, such as the 50mm Premier Basket Tray Divider (3 meters), are sold separately for GBP20-GBP50 per divider bar, compatible with major brands like Unistrut, Legrand, and Metsec. These dividers hook directly onto wire mesh trays to provide cable segregation .
- o McMaster-Carr: Offers a wide selection of wire mesh trays with dividers, with pricing generally in the \$60-\$180 range per tray section, depending on material, size, and finish .

Factors Affecting Price

- o Tray Width and Depth: Wider trays (8-12 inches) cost more than narrower ones (4-6 inches).
- o Material and Finish: Galvanized or powder-coated steel is more expensive than standard zinc-plated steel.
- o Built-in Divider vs. Separate Divider: Trays with integrated dividers are slightly higher in price than standard trays with optional divider bars.
- o Accessories: Brackets, couplers, and ceiling hangers can add \$10-\$50 per tray section.
- o Quantity and Bulk Orders: Larger orders often receive discounts, especially from industrial suppliers like Alibaba or McMaster-Carr.

Recommendation

For small-scale or office installations, Amazon or McMaster-Carr provides convenient options with fast shipping. For industrial or large-scale projects, Alibaba or UK suppliers offer customizable trays and dividers with bulk pricing. Always check compatibility with existing cable management systems and consider UL or CE certification for safety compliance.
