o Contact: Corning sales and support via website or regional distributor contacts .

Tips for Contacting Suppliers

- o Use the website inquiry forms for quick responses.
- o Specify SC connector type (UPC or APC), fiber type (single-mode or multimode), and cable length to get accurate quotes.
- o For bulk or custom orders, request technical datasheets and compliance certifications.
- o Check if suppliers provide local distributors or regional offices for faster shipping and support. These suppliers provide reliable SC fiber optic patch cords suitable for data centers, enterprise networks, and high-speed communication systems, ensuring compatibility, durability, and high performance.
