Singapore's Henderson Waves is not just a pedestrian bridge, but a true architectural marvel that stands out in Singapore's landscape. In Singapore, a flyover is an overpass that crosses over another road, while a bridge is a structure that crosses a body of water. So, for organization's sake, I divided my suggestions into these aforementioned categories. Collectively, they illustrate Singapore's growth as a trading port and flourishing city.

Although Bridge Data Centres is headquartered in Singapore, all of the company's facilities have hitherto been located in other countries. Bridge is owned by private investment firm
