

## Article Overview

Key fiber optic cable manufacturers in Slovakia include SYLEX, Foss Fibre Optics, Optolab Solutions, and PROFiber Networking CZ s.r.o., offering high-quality cables, connectors, and custom solutions for industrial, telecom, and defense applications.

## Leading Manufacturers

SYLEX Founded in 1995, SYLEX is a prominent Slovakian manufacturer specializing in fiber-optic interconnect solutions and sensing systems. They produce a wide range of fiber optic assemblies, including single-fiber, multi-fiber, lensed, and specialized connectors for telecom, datacom, defense, avionics, and harsh environments. SYLEX also develops automated monitoring systems using FBG technology for infrastructure health monitoring. Their 7,000 m<sup>2</sup> facility and 250 employees enable rapid delivery of both custom and high-volume orders, supported by robust quality control and engineering expertise (WebPages ). Foss Fibre Optics Foss operates factories in Slovakia and Norway, producing high-quality optical connectors, cables, and structured cabling systems. They serve industries such as telecommunications, defense, offshore, and industrial sectors. Foss emphasizes in-house manufacturing, strict quality control, and customized solutions for demanding environments. Their Slovakian facility supports over 1 million connector terminations annually, with 2,200 m<sup>2</sup> of production space, and they maintain ISO 14001 certification for sustainable production practices (WebPages ). Optolab Solutions Based in Bratislava, Optolab Solutions focuses on fiber optic connectors, assemblies, and custom fiber optic products designed for harsh environments. They provide tailored solutions for industrial and specialized applications, emphasizing reliability and precision in fiber optic manufacturing (WebPages ). PROFiber Networking CZ s.r.o. PROFiber Networking offers fiber optic manufacturing, calibration, and testing services through an accredited laboratory. They also provide professional training in fiber optics, supporting both theoretical and practical skill development. Their services cater to telecom, monitoring systems, and communication technology sectors, ensuring high-quality fiber optic solutions (WebPages ).

## Additional Notes

Other companies like Keline and SKB-GROUP in Slovakia also contribute to the fiber optic market, offering structured cabling systems and flexible cable solutions for industrial and high-speed digital transmission applications (WebPages ). While some providers, such as UPC, focus on telecommunications services, they may indirectly support fiber optic deployment infrastructure. These manufacturers collectively provide a robust fiber optic ecosystem in Slovakia, covering standard cables, custom assemblies, industrial-grade solutions, and advanced monitoring systems, making the country a notable hub for fiber optic technology in Central Europe.

# Slovakian fiber optic cable supplier

The fiber optic cable manufacturing industry in Slovakia has been growing steadily since 2012, with revenues expected to reach

Shop for fiber optic cables at Cables Plus USA, leader in fiber optic products supply offering high-quality products at the best value

Slovakia operates within a global optical fiber cables market characterized by concentrated production and consumption. The

Trade and Price Signals Slovakia's import market for optical fiber cables from 2020 to 2024 was supplied primarily by

Analyze 1,604 Fiber Optical Cable export shipments from Slovakia till Feb-26. Export data includes Buyers, Suppliers, Pricing, Qty &

Discover the best fiber optic manufacturers globally, offering cutting-edge multimode and single mode fiber solutions.

The leading Fiber Optic Cable Manufacturers in Slovakia are listed in this directory. You can narrow down the list of manufacturers

Find Economical Suppliers of Fiber Optical Cable: 194 Manufacturers in Slovakia based on Export data till Jun-26: Pricing, Qty,

Discover all relevant Fiber Optic Cable Manufacturing Companies in Slovakia, including SYLEX s.r.o. and PROFiber Networking

Grow Your Fiber Optical Cable Import Business in Slovakia Volza's Big Data technology scans over 2 billion import

Sylex Ltd, located in the center of Europe, is specialized on producing fiber optic cable assemblies and offering products with high

Sylex is a worldclass original design developer of firstclass optical interconnection equipment. Interconnections and Sensors solutions.
