

Article Overview

Key manufacturers and suppliers of electrical distribution boxes in Sudan include SES Electric Company, GDR Telecom Site Energy Systems, and Sudanese Electricity Transmission Co. Ltd., with additional sourcing options through verified global suppliers.

Local Sudanese Manufacturers

- 1. SES Electric Company** SES Electric Company provides a range of energy solutions, including customized electrical distribution systems for industrial and construction projects. They offer end-to-end services from design to installation, emphasizing efficiency, innovation, and customer satisfaction . Their expertise includes EPC services for industrial projects, which can be adapted for construction site electrical distribution needs. Contacting SES Electric directly can provide tailored solutions for site-specific requirements.
- 2. GDR Telecom Site Energy Systems** While primarily focused on telecom infrastructure, GDR Telecom offers outdoor cabinets, UPS systems, lithium storage, and power management solutions across Africa, including Sudan . Their products can be adapted for construction site power distribution, especially for temporary or remote setups requiring robust and reliable electrical enclosures.
- 3. Sudanese Electricity Transmission Co. Ltd. (SETCO)** SETCO is a major player in Sudan's electric power generation, transmission, and distribution sector . While their primary focus is on large-scale transmission, they may provide or recommend distribution boxes and related equipment suitable for construction projects. Their headquarters is in Khartoum, and they have experience in large-scale electrical infrastructure projects.

International and Wholesale Options

For bulk procurement or specialized distribution boxes, Global Sources lists verified manufacturers and suppliers of power distribution boxes, including OEM, ODM, and OBM options . These suppliers can provide standardized or customized solutions suitable for Sudanese construction sites, with options for shipping and compliance with local electrical standards.

Recommendations

- o **Direct Contact:** Reach out to SES Electric or SETCO for local manufacturing and installation services.
- o **Adapt Telecom Solutions:** Consider GDR Telecom's outdoor cabinets for temporary or modular construction site setups.
- o **Bulk Sourcing:** Use Global Sources to identify international suppliers if local options are limited or specific certifications are required.
