Requesting a Quotation

When requesting a quotation, it is recommended to provide the following details to suppliers:

- o Type of cable tray: Perforated, ladder, solid-bottom, or wire mesh.
- o Material and finish: Stainless steel, galvanized steel, aluminum, or plastic.
- o Dimensions: Width, height, and length of trays required.
- o Load requirements: Maximum weight per meter or span.
- o Quantity: Number of units or total length required.
- o Delivery and installation requirements: Lead time, shipping location, and any assembly services.
- o Compliance standards: Specify Swiss or international standards if applicable. Eaton provides a quotation checklist that can help ensure all technical and commercial details are included when requesting a quote .

Additional Tips

- o Contact suppliers directly via email or phone to discuss technical specifications and receive a tailored quotation.
- o Consider requesting framework agreements for large or recurring projects to secure better pricing and delivery terms.
- o For customized solutions, provide drawings or project specifications to ensure accurate pricing. By reaching out to these suppliers with detailed requirements, you can obtain competitive quotations for Swiss standard
