

Article Overview

The Taiwan Testing and Certification Center (TTCC) provides comprehensive testing services, while Taiwan hosts numerous specialized fiber optic cable manufacturers such as Walsin Lihwa, ACON, and XFS Communications.

Taiwan Testing Agency

The Taiwan Testing and Certification Center (TTCC), formerly known as ETC, has been a key partner in ensuring product safety and quality since 1983. Renamed in 2020, TTCC offers extensive testing and certification services for various industries, including telecommunications and optical cables. They operate multiple service locations across Taiwan, including Taoyuan City, New Taipei City, Hsinchu City, and Tainan City, providing convenient access for manufacturers and clients seeking compliance verification and quality assurance .

Leading Optical Cable Manufacturers in Taiwan

Taiwan is home to a robust optical cable manufacturing industry, with companies offering a wide range of fiber optic products and customized solutions:

- o Walsin Lihwa: Established in 1993, Walsin Lihwa produces slotted ribbon-type optical fiber cables and specialty compound cables combining copper, optical, and power lines. Their products comply with ITU-T and Chunghwa Telecom standards, featuring low-smoke, halogen-free, flame-retardant sheaths suitable for indoor and outdoor applications .
- o ACON: Specializes in high-end fiber optic interconnect solutions, including single-mode APC connections for telecom and data center applications. They provide customized patch cords and optical interconnect products for FTTH and FTTA projects .
- o XFS Communications: An OEM manufacturer focusing on ultra-low insertion loss and high return loss fiber connectivity products, tested to Telcordia GR-326 and GR-1435 standards .
- o Wonderful Hi-Tech: Offers a broad range of certified electronic wires and cables, including fiber optic solutions, emphasizing quality and innovation since 1978 .
- o Lorom Industrial Co., Ltd.: Vertically integrated manufacturer of cable and cable assembly products, providing rapid delivery and high-quality solutions for electronics and telecommunications .
- o Browave Corporation: Develops advanced optical communication devices and modules, including PLC splitters and amplifiers, leveraging all-fiber and micro-optic technologies .

Additional Resources

For a more extensive list of fiber optic cable manufacturers in Taiwan, platforms like Taiwantrade and GoPhotonics provide directories of over 140 products from multiple manufacturers, allowing users to compare capabilities, request quotes, and explore OEM/ODM services .

Summary

For companies seeking testing and certification, TTCC is the primary agency in Taiwan with multiple locations and comprehensive services. For fiber optic cable manufacturing, Taiwan offers a diverse range of specialized manufacturers capable of producing high-quality, customized optical cables for telecom, data center, and industrial applications. These manufacturers comply with international standards and provide both standard and innovative cable solutions.
