

The most famous manufacturer of optical cables in Guinea

Article Overview

Key optical cable manufacturers in Guinea include GFO (Guineenne de Fibre Optique) and several local distributors, with significant imports from China, France, and Senegal.

Local Manufacturers and Providers

GFO (Guineenne de Fibre Optique) is one of the leading local manufacturers and infrastructure providers in Guinea. They focus on designing, constructing, and deploying fiber optic networks across the country, connecting all 33 prefectures. GFO offers services such as high-capacity internet transport for ISPs, network maintenance, and fault management, positioning itself as a central player in Guinea's telecommunications infrastructure . Other local cable companies and distributors include Ets BARRY-SOW ET FRERES and various smaller suppliers listed in Guinea's cable industry directories. These companies provide electrical and optical cables, installation services, and maintenance support for both commercial and residential projects .

International Manufacturers and Imports

Guinea imports a substantial portion of its optical cables, primarily from China (\$2.71M), France (\$665k), Senegal (\$69.9k), Morocco (\$50.3k), and Turkey (\$37k) . Leading international manufacturers supplying Guinea include:

- o ETK Kablo San. Ve Tic. A.S. (Turkey) - Specializes in fiber optic and low-voltage communication cables .
- o Hengtong Optic-Electric Co., Ltd. (China) - Global leader in optical communications with overseas manufacturing bases .
- o GP-Fiber Optics GmbH (Germany) - Produces fiber optic products, including lighting and connectivity components .
- o PENGK KABEL (Austria) - Manufactures cable infrastructure components and specialty fibers . These international suppliers complement local production, ensuring Guinea has access to high-quality optical cables for telecommunications, internet infrastructure, and industrial applications.

Market Overview

In 2024, Guinea exported a small volume of optical fibers and cables (\$7.25k), mainly to Poland and Denmark, while importing \$3.63M worth, highlighting the country's reliance on imports to meet domestic demand . The market is growing, with China and France being the fastest-growing sources of optical cable imports.

Summary

The most famous manufacturer of optical cables in Guinea

For businesses or projects in Guinea, GFO represents the primary local manufacturer and network integrator, while international suppliers from China, France, Turkey, and Europe provide additional high-quality optical cables. Local distributors like Ets BARRY-SOW ET FRERES also play a role in supplying and installing optical cables across the country .
