

Article Overview

Key switchgear manufacturers in the UAE include Almayar Electric, Al Misbah Al Sehri, Al Jalal Electrical Trading, Expert Energywave, and Prime Electrical Manufacturing, offering a wide range of LV and MV switchgear solutions.

Leading Manufacturers and Suppliers

Almayar Electric is a top UAE-based manufacturer and distributor of electrical switchgear, supplying low-voltage products such as current transformers, core balance transformers, analog and digital meters, relays, timers, modular contactors, and panel accessories across the UAE . Al Misbah Al Sehri Switchgear Industrial LLC in Dubai specializes in switchgear products including metal cabinets, main and sub-distribution boards, capacitor banks, motor control centers, relay control panels, ATS panels with bypass switches, and other control panels, ensuring standard quality at competitive prices . Al Jalal Electrical Trading Est. is one of the oldest electrical trading houses in the UAE, established in 1975. Its subsidiary, Al Jalal Switchgear Industries LLC, manufactures low-voltage switchgear and control panels, serving clients across Sharjah and the UAE with a legacy of reliability and innovation . Expert Energywave Electrical Trading LLC provides over 500 products from 15+ global brands, including ABB, Schneider Electric, Siemens, and Eaton. They supply LV switchgear, panel accessories, enclosures, and power equipment with UAE-wide delivery within 24 hours and full documentation for GCC exports . Prime Electrical Manufacturing (PEM), based in Dubai, offers integrated energy solutions including low-voltage switchgear, power distribution, protection and control systems, and medium-voltage products. PEM partners with Schneider Electric, Delta Lighting, and Legrand to provide advanced MCCs, main distribution boards, and intelligent control systems for commercial, residential, and industrial projects .

Key Considerations

- o Product Range: LV and MV switchgear, control panels, MCCs, distribution boards, relays, and panel accessories.
- o Certifications & Standards: Most manufacturers comply with IEC, ATEX, BS, and NEMA standards.
- o Delivery & Support: Many suppliers offer UAE-wide delivery, technical support, and full manufacturer documentation.
- o Global Partnerships: Collaborations with brands like Schneider Electric, ABB, and Siemens ensure access to certified components and advanced solutions. These manufacturers and suppliers provide comprehensive solutions for the UAE power industry, catering to industrial, commercial, and infrastructure projects with reliable, certified switchgear and control systems.
