

Which company makes the best custom-made cable tray mesh

Article Overview

Shielden, MP Husky, and VALDINOX are among the top manufacturers for high-quality, customizable wire mesh cable trays.

Shielden

Shielden specializes in custom metal mesh cable trays for industrial, commercial, and data center applications. They offer a wide range of durable, corrosion-resistant trays in various sizes and materials, designed for superior airflow and easy installation. Their products include 38, 58, 108, 158, and 208mm mesh trays, making them suitable for both heavy-duty electrical installations and complex data center wiring projects. Shielden emphasizes reliable performance and compliance with industry standards, ensuring long-term efficiency in cable management .

MP Husky

MP Husky is a founding member of the USA Cable Tray Institute and has over 55 years of experience in manufacturing cable tray systems. They produce wire mesh, wire basket, aluminum, galvanized steel, stainless steel, fiberglass, and PVC-coated trays, all meeting or exceeding NEMA, UL, CTI, and CSA standards. MP Husky is known for high reliability, strength, and innovative designs, making them a preferred choice for engineers, contractors, and distributors across multiple industries .

VALDINOX

VALDINOX is a European leader in wire mesh cable trays, offering extensive production capacity and technical expertise. Their EASYCONNECT(R) system reduces installation time and costs while enhancing strength and safety. VALDINOX focuses on custom-made solutions, ensuring compliance with project-specific requirements and delivering robust, versatile cable routing systems. Their customer-oriented approach and high-quality manufacturing make them a top choice for demanding industrial and commercial projects .

Conclusion

For custom cable tray mesh, the best options depend on your location and project requirements:

- o Shielden is ideal for data centers and industrial applications requiring precise customization and corrosion resistance.
- o MP Husky is excellent for US-based projects needing a wide variety of materials and compliance with

Which company makes the best custom-made cable tray mesh

multiple standards.

o VALDINOX is suited for European projects requiring high production capacity, innovative installation systems, and tailored solutions. Choosing among these companies ensures durable, efficient, and customizable cable management solutions that meet both technical and regulatory standards.
